## PRODUCT DATA SHEET

### Product view

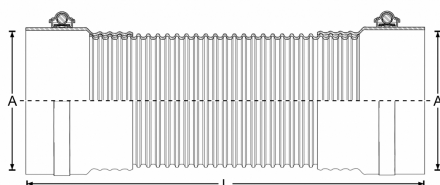

### Product information

Product group	Flexible Shrinking Sleeve
Item number	<b>CRA70XXX</b>
EAN / GTIN	auf Anfrage
Product name	Flexible Shrinking Sleeve CMF

### Product description

Flexible adaptor designed to connect two pipes with the same or different outside diameters as well as same or different materials and surface textures; tear- and vacuum-resistant, due to yarn reinforcement; leach- and acid-resistant; good chemical resistance; UV- and ozone-resistant material; smallest bending radii; conductive when spiral is grounded; free of cadmium in accordance with BGR 132

### Technical drawing

### Dimensioning

A   Size range	40-160 mm
B   Size range	40-160 mm
L   Length	variabel mm

### Specification

Pressure tightness	0,5 bar
Socket wrench	SW 8 mm
Tightening torque	6,0 Nm
Weight	variable
Material	PVC (grey), Stainless steel (AISI 304)

### Resistances

Heat resistant	85 °C
UV resistant	✓
Flush-mounting suited	✓
